Please note that Skinner must receive payment for your purchase and a signed Authorized Release Form (on reverse) before we can release your property. Please include the shipping franchise and a contact. In order to provide you with a quote, the shipper will need to know your name as invoiced, the shipping address, the auction name, date, and lot numbers of your items, as well as general information about the type of items you need to ship.

## 3. Fill out and submit an Authorized Release Form (on reverse)

Skinner will release your property to a shipper or other third party only after we have received a signed Authorized Release Form and payment for your purchase. This form allows us to release your property to a shipping company or third party representative, and protects both you and us from any possible misunderstandings when it comes to delivering your purchase safely and securely.
